

March 17, 2020

Dear Applicants,

I am writing to advise you that NNAS is continuing operations, including the processing of applications. From time to time, we may experience some temporarily delays but at this time we are not anticipating a significant disruption in service. We are of course, monitoring the COVID 19 situation closely and will be updating you should the application process be impacted.

We continue to work with third parties who are part of the NNAS process and will update you should we receive information that will be of importance to our applicants. All of our updates will be posted on our website at www.nnas.ca in the About NNAS section, under the News and Events. Feel free to check our website regularly.

In the meantime, please ensure your contact information is up to date. You can do so through the Applicant Portal.

Should you have questions related to your application, please contact Applicant Support at our toll free number 855-977-1898, Monday to Friday from 8:00 am – 4:00 pm ET or by email at support@nnas.ca. Should you have questions regarding NNAS policies or directions, please feel free to contact the NNAS Corporate Office, at info@nnas.ca.

Finally, I know many of you are currently working in the health care system in one capacity or another. On behalf of all of us at NNAS thank you for your dedication and service. We are very grateful for our hardworking health professionals.

Best regards,

Gayle Waxman
Executive Director
