

CAREER PATHS FOR SKILLED IMMIGRANTS

INFORMATION SESSION

Are you an internationally educated healthcare professional who is interested in gaining care aide registration?

Care Aide registration is a great way for Internationally Educated Health Professionals (IEHPs) to gain exposure to the Canadian Healthcare system, immerse themselves in Canadian work culture, and better understand the scope of practice for their profession in Canada. At this event, we will discuss the pathways to gain care aide registration in BC and share more about supports that IEHPs can receive from the Career Paths program if they are eligible.
