

**Update #2 for Applicants with Advisory Reports
Issued to CNO on or After June 22, 2021
July 5, 2021**

The technical difficulties preventing CNO from downloading NNAS Advisory Reports is now resolved.

If your Advisory Report was issued on June 22, 2021, or later, and you were unable to begin your application process with CNO, you can now apply to CNO through the NNAS portal. If you experience any difficulties, please contact NNAS at info@nnas.ca or support@nnas.ca.

Please note that this issue did not affect other regulatory body members. It is not anticipated that this delay will affect the time it takes applicants to CNO to complete the process.

Thank you for your patience and we apologize for any inconvenience.
