

Language Proficiency Requirement Deferred to Regulatory Process for All NNAS Applicants

Effective *October 14, 2022*, NNAS will no longer collect language proficiency test scores as part of NNAS's process. Instead, all applicants will submit proof of language proficiency directly to regulatory bodies as part the regulator's review process. This change is part of NNAS's initiative to streamline its processes.

This change will:

- Provide applicants with more time to meet the nursing regulator's language proficiency requirement
- Align NNAS's requirements across all NNAS Regulatory Body members
- Provide greater flexibility to nursing regulatory body members.

Applicants with questions about their application to NNAS should contact Applicant Support at support@nnas.ca or by calling 1-855-977-1898, Monday to Friday from 8:00 am – 4:00 pm ET. For additional information, please review the Frequently Asked Questions on the NNAS website at www.nnas.ca in the News and Events section.
